**Of the World's Finest Library Building
Recommends Peruna for Catarrh.**

CONGRESSIONAL LIBRARY, WASHINGTON, D. C.

Hon. J. B. Smithmeyer, architect of the new Congressional Library of Washington in this country. This library is considered the finest building in the world. It was erected during the past few years traveling Europe working on the plans, and Congress appropriated a million dollars for the building.

In a letter written from Washington to the Hon. J. B. Smithmeyer, U. S. Med. Genl., Columbia, O., Mr. Smithmeyer says the following in regard to the use of the medicine:

"Wanted, D. C., 4 July '94.

"I, the Peruna Medicine Co., Columbia, O., Gentlemen—endorse the good opinion expressed by Senators and Representatives in Congress, and the numerous curative qualities of your compound. These we have used to recommend it as the best and most efficacious remedy effective as a cure for cancer.

"Respectfully,
J. B. Smithmeyer."

One of the most wonderful events in the history of medicine is the multitude of remarkable endorsements which Peruna is receiving as a cancer cure from the highest authorities in the world. During the past two years a large number of people well known from ocean to ocean have written to the Peruna Medicine Co. stating praise made Peruna the most famous and justly celebrated cancer medicine in the world.

Men high in our national councils, statesmen known the world over, distinguished in the army, the navy, navy, physicians, lawyers, preachers, and last but not least, the common people of all nations, have written to the Peruna Medicine Co. of honor that any remedy has ever reached in the history of medicine.

Peruna is the only medicine known that Peruna is the cancer cure for the age. It has no rival. There are no substitutes. Peruna cures cancer in all its forms. It cures cancer in all phases and stages.

Everybody should have a copy of Dr. J. C. Ayer's book, "Cancer," free by the Peruna Medicine Co., Columbus, Ohio.

"I have been suffering from dyspepsia for the past twenty years and have been unable after trying all preparations to get any relief. After taking one bottle of Kodol Dyspepsia Cure I found relief and am now in better health than I have been for twenty years. I cannot praise Kodol Dyspepsia Cure enough. It is sold by all druggists and physicians to get any relief. Write to C. W. Roberts, North, Oronok, Ark. for a bottle of Kodol Dyspepsia Cure."

ROYAL Baking Powder is indispensable to the preparation of the finest cake, hot-breads, rolls and muffins.

Housekeepers are sometimes importuned to buy other powders because they are "cheap." Housekeepers should stop and think. If such powders are lower priced, are they not inferior? Is it economy to spoil your digestion to save a few pennies?

Alum is used in some baking powders and is most of the so-called phosphate powders, because it is cheap, and makes a cheaper powder. But alum is a corrosive poison which, taken in food, acts injuriously upon the stomach, liver and kidneys.

STRIKE SITUATION AT ALBANY AND TROY

(Special to the New Era.)
ALBANY, N. Y., May 16.—The situation in the Union Trust Company strike is more alarming than ever. This morning, one thousand strikers charged an immense crowd of strikers to clear a way for a car which was being run by non-union men. As a result, a hundred men or more received broken bones or bloody heads from the butts of the guns wielded by the militia in the charge. A few cars were run heavily guarded. Two thousand armed soldiers were on guard in the city yesterday, and several

WON IN ELEVENTH INNING.

Pembroke-Hopkinsville Versus Kennedy-Clarksville.—Exciting Game.

The Pembroke and Kennedy baseball clubs were scheduled to play a match game Tuesday at the former place. Kennedy appeared with a "loaded" club, having borrowed several players from the Presbyterian University team.

The Pembroke boys quietly put them down in communication with some of the Hopkinsville crack men, and Jeff, Stowell and Forrest Morris, Otto Yunghe and Perry Newman went to their aid. Kennedy had a streak of luck and for seven innings the score was 10 to 0 in their favor. Then the Hopkinsville boys had a batting streak which resulted in Pembroke winning the game in the eleventh inning by a score of 11 to 10.

TO START RICE PLANTATION.

James A. Radford Prospecting With That Object In View.

A special from Jennings, La., says: "James A. Radford, of Hopkinsville, Ky., has arrived in the city. He comes in the interest of large capitalists who are desirous of purchasing from 30,000 to 40,000 acres of rice land. It is their intention to put the land into an immense rice plantation. It was his intention to purchase lands west of this place, but he was unable to do so owing to the prevailing high price asked for land on account of the oil excitement."

The Houston, Tex., Daily Post, of May 10th says:

Passenger Traffic Manager S. F. B. Moore, of the Southern Pacific, had a guest yesterday Mr. J. H. Radford, of Hopkinsville, Ky.

Mr. Radford is a typical resident of the Blue Grass State. His speech is rich with the flower of Southern vernacular and his manner is cordiality itself.

"I have been visiting Texas periodically about fifteen years," said Mr. Radford. "Every time I come to the Lone Star State I like it better than before. I have been investigating the rice business in Southwestern Louisiana and in Southern Texas and I declare to you it beats anything I have ever seen. I am thinking very seriously of getting into this business in Texas."

Mr. Moore showed Mr. Radford the Atwater exhibit and many other points of interest in Houston, and the latter was charmed with what he saw.

It Dazzles the World.

No discovery in medicine has ever created one quarter of the excitement that has been caused by Dr. King's New Discovery for Consumption. It's secret tests have been on hopeless victims of Consumption, Pneumonia, Hemorrhage, Pleurisy and Bronchitis, thousands of whom it has restored to perfect health. For Coughs, Colds, Asthma, Gout, Hay Fever, Hoarseness and Whooping Cough it is the quickest, surest cure in the world. It is sold by C. K. Wyle, J. O. Cook, L. L. Elgin and Anderson & Fowler, who guarantee satisfaction or refund money. Large bottles 50c and \$1.00. Trial bottles free.

MACEDONIA MATTERS.

We regret very much to chronicle the death of Dr. John Pool, who died at his home Thursday evening at 5 o'clock.

May 9. The end was not unexpected as he had been very ill for more than a month. He was buried Saturday afternoon at the Pool cemetery near Booneburg, the hearse bearing him to his last resting place passed through Macedonia.

It was beautifully decorated with flowers and followed by a large concourse of friends and relatives. He had a wide circle of friends and an extensive practice. Peace be to his remains and heart full sympathy for his bereaved wife and children.

Mr. Jan Newsom's leg was broken by a log Saturday while he was preparing ground. He stepped forward to strike his off horse, and with a quick bound forward they pulled the log against his left leg, breaking it about 4 inches above the ankle joint.

Little Dan Meador, son of Mr. Jacob Meadors, was kicked in the face by a horse Saturday and seriously hurt, but he will probably recover.

The wife of Charles Laffoon died Thursday, May 9. May the Lord bless the troubled hearts.

Weaver Meador is sick with fever.

Elder John W. McCarroll of the Christian church, holds himself ready to do protracted meeting work in congregations and adjoining counties. Congregations wishing his service will address him at Macedonia.

Campbell Bros. will begin to operate their saw mill about the 17th of this month.

Dr. D. M. White and his daughter, Maude, went to Orofino Saturday.

Mr. D. E. Martin has recently sold 3000 worth of timber to Mr. John Martin, a saw mill man. White Man.

KENTUCKY CROP REPORT.

The New Era is in receipt of the following statement from Commissioner of Agriculture Hall:

The month of April was cool and moist of the time wet and farm work did not progress very satisfactorily, especially in the preparation of corn land and planting this cereal. The early planting in Southern Kentucky was mostly planted over. Hence, this report shows a falling off in condition of a little over 6 points, bringing the percentage of this crop to 88, as against 79.8 in March report. Of course this report is based on the outlook the 1st of May, as the fly is still dormant on the late crop may yet be damaged to a considerable extent or it may escape serious damage. Conditions so far are favorable for crops, at least the worst fears of farmers seem not to be warranted.

The oat crop does not promise so well as in March, while rye is slightly improved in condition. Tobacco plantings are fine in some localities but in others are not growing as they should. Some fears the crop will be set late and this brings the condition to 88. Clover still holds its low average and prospects for condition 92. There is a little hog cholera stock planting are 115. Live stock condition 92. There is a little hog cholera stock planting are 115. Live stock condition 92.

The plan is to schedule this train for a place and on the arrival hold a great good roads convention, inviting the people from all districts to come and see, hear and learn about a question that is of the greatest possible practical concern to every man whatever his occupation, but especially the farmers.

The lectures given by these experts is to be practically demonstrated by the actual building of a section of road under their supervision and with the appliances brought on the special train.

During the days of holding this convention the Illinois Central R. R. gives a one-fare rate from all its points to the place where the convention is held, in order that all the people may avail themselves of the opportunities it offers. The immense and varied advantages of such a meeting are so manifest that the Freight and the business men are making every effort to secure it for Hopkinsville with prospect of success.

Hon. W. H. Moore, President of the National Good Roads Association, has telegraphed that he will arrive next week for conference in regard to the matter and if second it is proposed to make the event one of the greatest in Hopkinsville's commercial history.

Strikes a Rich Find.

"I was troubled for several years with chronic indigestion and nervous debility," writes F. J. Green, of Lancaster, N. H.
